CORPORATE SERVICE ENTERPRISES

V4 TRUST

A New Standard for Industrial PPE Procurement

Right Product | Verified Supply | Transparent Process | Accountable Service

We don't just supply PPE. We build accountability into the entire procurement journey.

An integrated procurement and assurance approach combining workplace assessment, multi-brand product intelligence, transparent order tracking, product verification and accountable after-sales support.

THE PROBLEM IS NOT JUST THE PRODUCT. IT IS THE PROCESS BEHIND THE PRODUCT.

- Specification confusion
- Procurement uncertainty
- Limited traceability
- Warranty complications
- Supplier reliability

THE SIX PILLARS OF V4 TRUST

01 V4 ASSESS

Understand the workplace before recommending PPE.

- Hazards, job roles & conditions
- Product history & feedback

02 V4 RECOMMEND

Multi-brand product intelligence.

- Compare 3–5 options
- Document suitability, price & warranty

03 V4 TRACK

Transparent procurement and delivery control.

- 10 order milestones
- Real-time updates

04 V4 VERIFY

Digital product verification.

- Product & batch checks
- Inward inspection

05 V4 PROTECT

Structured warranty support.

- Complaint registration
- Escalation & resolution

06 V4 INTELLIGENCE

Evidence-based supplier performance.

- 100-point scorecard
- Regular review

ONE CONNECTED JOURNEY. THREE ACCOUNTABLE PARTIES.

1. Understand requirements
2. Assess & shortlist
3. Compare options
4. Confirm commitments
5. Track delivery
6. Verify products
7. Support warranty
8. Review performance

THE V4 TRUST ECOSYSTEM

INDUSTRIAL BUYERS

- Better-informed selection
- Transparent visibility
- Structured support

V4 TRUST

- Procurement coordination
- Product verification
- Performance monitoring

BRANDS & MANUFACTURERS

- Clearer demand
- Performance feedback
- Better collaboration

BETTER OUTCOMES THROUGH SHARED ACCOUNTABILITY

NOT JUST ANOTHER PPE SUPPLIER. A MORE ACCOUNTABLE PROCUREMENT PROCESS.

- Workplace-first assessment
- Documented multi-brand options
- Visible order milestones
- Product-specific verification
- Evidence-based supplier scoring
